

Elimu Konnect is a professional student recruitment, training and most authorized international Agency Company providing students and parents with current information about studies offered globally but currently in China. Elimu Konnect Services offer information about the selected destination, the universities, programs, admissions, accommodations and student Visas.

Elimu Konnect was established in Early 2016 under Ms. Angelina Makoye with a longstanding reputation as one of Tanzanians' leading education agencies. It represents more than 500 universities globally but mostly in China.

Our headquarters are based in Dar-es-Salaam, Tanzania and small branch office is in Beijing, China. Our services focus is to provide onshore support to students wherever they are in Africa and the world. It has become a proven source of knowledge and insight, providing high-level briefings to students and parents/guardians, foreign agencies, and education experts.

With 3 years successful experience working with universities and agents, Elimu Konnect has built a strong reputation in the international level and has been awarded by different department of Chinese Agency, QUEENNAK Foundation of Sierra Leon, and Pride of Africa Awards in Asia as well as foreign companies.

An award winning agency for its excellence in service, Elimu Konnect is a trusted agency due to its expertise and support for students from diverse cultural backgrounds, providing a full-service experience developed over years of experience. Counting to date, Elimu Konnect has brought many UNCOUNTABLE Students to study in China for their Bachelor Degree, Master's Degree, PhD and Chinese Short Language Courses.

With the aim to help African and Worldwide youth we focus on finding Full and Partial scholarships (which are reputable, cheap, easy and affordable). Through we have shared such opportunities with many.

ELIMU KONNECT is devoted to recruit, train and consistently support international Students for becoming professional students and work high efficiently to better future.
